# Eucharistic Miracles Exhibition Cataloged *by* Saint Carlo Acutis

**Saint Andrew  
UPPER ARLINGTON  
June 6-7, 2026**

The Veil of Veronica

**St. Carlo Acutis, the first millennial to be canonized, cataloged the International Vatican Exhibition "Miracles of the Eucharist," and it will be on display!**

**St. Andrew Church • June 6 & 7 after all Masses • Multipurpose Room**

The exhibition will be on display after all the weekend Masses: Saturday at 4:30 pm and Sunday at 7:30 am, 9:15 am, and 11 am. A small gift shop will be available to purchase the Miracles of the World book and more.

Join us for Carlo's exhibition, which features a variety of photographs and historical descriptions highlighting key Eucharistic Miracles recognized by the Church across different countries throughout history. Each large panel is laminated on mount board. These panels allow you to "visit" the locations where the miracles occurred. The exhibition is set in an art gallery style, offering a virtual tour of over 250 miracles from 22 countries. The exhibit includes 156 panels that explain Eucharistic Miracles.

Facts about Miracles of the Eucharist:

- The Flesh is real Flesh. The Blood is real Blood.
- The Flesh and the Blood belong to the human species.
- The Flesh consists of the muscular tissue of the heart.
- The Flesh is a "HEART" complete in its essential structure.
- The Flesh and the Blood have the same blood-type: AB, the blood-type identical to that which Professor Baima Bollone uncovered in the Holy Shroud of Turin.
- The blood from both the Veil of Veronica and the Shroud of Turin belonged to a male with type AB blood. The same blood type is found in all approved Eucharistic Miracles.
- In the Blood, there were found proteins in the same normal proportions (percentage-wise) as are found in the sero-proteic make-up of the fresh normal blood.

Many miracles have happened during times of weak faith and doubts about the Real Presence of our Lord in the Eucharist. *We see this today with many Catholics.*
